

# Heavy Duty Solutions

## Novaflex offers a wide range of Rubber, Thermoplastic Rubber, and Urethane products for heavy duty service

Novaflex heavy duty products are designed to handle the more rugged service conditions of abrasive material handling. Novaflex offers a wide range of Thermoplastic rubber and urethane products for heavy duty service. Novaflex extruded thermoplastic material handling hoses provide an economical alternative to rubber hose. These products are ideal for use in medium pressure applications where operator ease of handling is critical.

- Yellow Jack Sanitation Hose
- SF LFC (Leaf Collector)
- Slurry King Rubber Hose
- SF-TPR-DC (Duct Cleaning)
- SF-PVC (Thermo Plastic)
- Street Sweeper Rubber Hose
